

COVID-19 COMMUNITY FORUM

How can we ensure equity with
COVID-19 vaccine here in MA?

Meet online with community stakeholders and researchers to discuss how to work together to protect us from COVID-19. We will host a 2-part community conversation this fall to understand how national guidelines for equitable vaccine distribution should be strengthened and implemented locally. We hope you will join us and contribute your ideas!

Equitable Vaccine Distribution: Community Discussion of the National Academy of Medicine Framework

Wednesday, October 28, 5-6pm ET
