

Want to improve your research team's efficiency and quality of research?

The Center for Implementation and Research Process Improvement can help!

Schedule a consultation! Fill out a service request form at:
www.tuftsctsi.org

Working with the IRPI team was very beneficial to our group. Process improvement is something that takes time and organization, two things that are difficult when juggling multiple projects and deadlines, especially in a clinical trials office.

The IRPI team took the information gathered in our group sessions and the result took form in a beautifully designed and useful toolkit for all of our staff to use. We were very pleased with the outcome and will work with them again!

Jaime Chisholm
Former Director, Clinical Research- Cancer,
Neely Center for Clinical Cancer Research

The Center for Implementation and Research Process Improvement Team:

Denise Daudelin, MPH, RN, Director
Alyssa Cabrera, MPH, Senior Project Manager

Anna L. Thompson, M.Phil, Senior Research Project Coordinator
